

# EvolutionDrive 82

✓ profile with a construction depth of 194 mm

✓ glazing with glass units up to 52 mm

✓ sash width 82 mm

✓ low threshold available

**5**

Chambers

**1-2**

Guiding Rails

The tilt and slide doors system allows for the production of large glazing while maintaining very good thermal parameters. A characteristic feature of the system is the possibility of equipping it with a low threshold, which allows the use of barrier-free solutions.
