- maximum sash weight: 661 lb
- we lacquer in the full RAL K7 color palette and, on request, in other colors (use powder code)

2-3

Guiding Rails

One of the most modern solutions in the field of doors and window joinery. Tilt and slide doors based on the MB-59 HS system can successfully replace traditional balcony windows. The system creates enormous design possibilities and gives an unusual appearance - both to the interior and the entire facade.
