SAR

- extruded aluminium curtain PE41 (RC2) or PE55 (RC3)
- reinforced structure of guides (PPW 80 and PPW 90)
- reinforced bottom rail (W-LDG 55 / W)
- two security systems (WB and LDG 55 /W)
- resistance to weather conditions
- min. box width 600 mm

The SAR anti-burglary roller blind has been created for people who value their own and their loved ones' safety. The burglary resistance classes (ER2 or ER3 depending on the selected curtain) have been confirmed with an appropriate certificate of the IFT Rosenheim Institute.
